General discussion on this subject found that there were quite a few members who were interested in getting some new items. The following numbers reflect those at the meeting that wanted the following: t-shirts – 20+, golf shirts or shirts with a pocket – 15, jackets – 10. Discussions followed on whether we should get embroidery directly on new jackets, or allow club crests to be applied to any suitable jacket. The executive will try to get prices on each for the next meeting. The following motion was proposed:

**Motion: We authorize the executive to spend up to \$200 to obtain a digitized image needed for embroidery or crest work that could be stitched to any item of clothing.** Made by **Don Wilson** and seconded by **Al Breen**.

A Majority voted in favor with **Malcolm McKenzie** opposed. **Motion carried by majority.**
